

## Details matter.

When every aspect of a design is carefully considered, the resulting creation is truly distinctive.

And when a brand pays fanatical attention to every product detail - deliberately curating every collection, year after year - exceptional design becomes its defining signature.

Since 1992, Paris Texas Hardware has been devoted to providing exclusive collections of drapery hardware, featuring nothing but one-of-a-kind products. Our designs have always been, and will always be, uniquely our own. Whether it's a finial silhouette that has never been seen before or an Old World classic with a new world twist, we promise to provide you with something different – something that you cannot find anywhere else in the world.

We painstakingly pore over every detail and edit each collection of our drapery hardware products – always with your ultimate creative inspiration in mind.

#### **Paris Texas Hardware Mission**

With a dedication to exceptional design and superior service,
Paris Texas Hardware will provide a unique, elegant, and high
quality selection of decorative drapery hardware and accessories.
We believe all of our products will be unrivaled in their ability to
stand alone as decorative, durable, and functional. Paris Texas
Hardware will offer an enjoyable customer experience that
includes honest dialogue and responsive feedback.

DESIGNED TO INSPIRE.

## 1" Hand Drawn Traverse System

Single 1" Hand Drawn Traverse System shown in Moonlight Finish; Elm with Cuff Finial sold separately.

#### 1" Hand Drawn Traverse System INCLUDES:

- Track(s): Continuous track available up to 8'; spliced lengths available up to 16'.
- Components: Glides and Glide Stop(s)\*
- 48" Clear Acrylic Wand(s)\*

shown in Barnwood Finish;

sold separately.

\*Note: Each Center Draw Track includes 2 Glide Stops and 2 Acrylic Wands. Each One-Way Draw Track includes 1 Glide Stop and 1 Acrylic Wand

#### Finials sold separately.

- 1" Finials with a Cuff must be ordered with all 1" Hand Drawn Traverse Systems.
- Only 1" Transitional Metal Finials and 1" Transitional Pearl Resin Finials can attach to the track without modification. (Their Cuff is included.)
- Any 1" Portfolio Finial can be modified to fit the 1" Hand Drawn Traverse track with the addition of a 1" Cuff, sold separately.
- · Finials must have a Cuff to attach to the track.
- · If a Traditional Collar is added to the 1" Transitional Finial or the 1" Glamour Finial with Cuff, it will still fit the track.

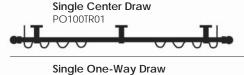

Maximum drapery weight - 2 lbs/ft.

Available in any Portfolio Finish.

## Order in 3 Easy Steps:

#### Step 1: Select your Draw.

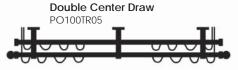

Step 2: Select your Bracket.

**Available Brackets** 31/2" Single 6" Single Ceiling Mount

**Available Brackets** 31/2" Single 6" Single Ceiling Mount

**Available Brackets** Double Bracket Ceiling Mount

**Available Brackets** Double Bracket Ceiling Mount

Step3: Purchase your Finials, sold separately. See pages 4-12.

To ensure your 1" Portfolio Finial fits the 1" Hand Drawn Traverse Track, a 1" Cuff must be added. (Purchase separately; see page 13.)

Remember: 1" Transitional Metal and 1" Transitional Pearl Resin Finials fit the 1" track without modification — additional Cuff is not necessary.

## INCLUDED IN SYSTEM: 1" Hand Drawn Traverse Brackets

Available in 30 Portfolio finishes. Brackets must be installed every 3-4 feet. Bracket return indicates distance from wall to center of track. See System Quantity Chart below for quantity of brackets included with each system. Additional brackets may be ordered separately.

Bracket style must be specifed on your order.

1" Traverse 31/2" Single Bracket PO100TRSBK 21/8" DIA backplate 31/2" return Moonlight

### **PORTFOLIO Finishes**

Looking for that perfect hardware finish to match your

wall, fabric, or furniture?

Allow PTH Perfect Match™ to stir your imagination and inspire you to create your own unique window treatment.

### Here's how it works:

Choose any Benjamin Moore® color in either high-gloss or eggshell sheen level.

For a minimal service charge, we will apply your specified color to your Paris Texas Hardware selection and responsibly dispose of any leftover paint.

### Make it your own:

For a minimal service charge, we will **add highlights** to your PTH Perfect Match™ hardware selections. Highlights are only available on PTH Perfect Match™ finishes.

Choose from 4 highlight options:

Multiple factors affect the final look of your chosen PTH Perfect Match™ finish:

- High-gloss and eggshell sheen levels affect colors differently. High-gloss sheen tends to deepen your chosen color, causing it to seem slightly darker than it would with an eggshell sheen.
- Smooth and textured surfaces accept highlights in different ways. Products with sculptural relief and texture will receive more noticeable highlights than smooth products.
- Pay attention to the contrast between your chosen Benjamin Moore® color and your chosen highlight. Greater contrast in lightness, brightness, or hue creates a bold highlight. Lower contrast produces a subtle highlight.
- We offer strike-offs to make sure you love your finish and sheen level before you order.

Turn the page to compare various Benjamin Moore® colors with different sheen levels and highlights.

### EasyPull™ Heavy-Duty Traverse System For Pinch Pleat

### System Features:

- Heavy-Duty EasyPull™ System supports up to 8 pounds per foot
- · center and one-way draw available
- · right or left pull option built-in; no restringing required
- simple pull and release action operates draperies with ease
- continuous track available up to 20'; spliced lengths available up to 38'
- · color coordinated track, brackets, and components available in Gold or Bronze
- decorative wood fascia available in 2" or 2 1/4" fluted or smooth profiles
- all Portfolio, Quick Ship Wood and Resin, and PTH Perfect Match™ finishes available

### Benefits of EasyPull™ Heavy-Duty Traverse Systems:

- Heavy-Duty System is perfect for heavier treatments
- longer lengths are versatile for residential or commercial projects
- · adjustable one cord feature allows user to determine placement of pull cord
- pre-corded with glides and master carriers installed for easy installation; C-rings ship separately and easily snap into glides
- easy to install track snaps into brackets, fascia clips onto track

### How to Order:

### 1. choose a style

- single or double system
- with or without 2 1/4" C-Rings

### 2. choose a fascia and finish

- 2" or 2 1/4" fascia
- fluted or smooth profile
- 30 Portfolio finishes
- 5 Quick Ship Wood and Resin finishes
- PTH Perfect Match™

Finials are sold separately. 2" or 2 1/4" Portfolio and Quick Ship Wood and Resin finials are compatible.

Available colors for EasyPull™ Heavy-Duty Traverse System:

Gold Bronze

## EasyPull™ Light-Duty Basic White Traverse System For Pinch Pleat

### **System Features:**

- Light-Duty Basic White Traverse System supports up to 4 pounds per foot
- · center and one-way draw available
- right or left pull option built-in; no restringing required
- · simple pull and release action operates draperies with ease
- continuous track available up to 20'; spliced lengths available up to 38'
- · track, brackets and components available in White
- decorative wood fascia available in 2" or 2 1/4" fluted or smooth profiles
- all Portfolio, Quick Ship Wood and Resin, and PTH Perfect Match™ finishes available
- not available for use with rings

### Benefits of EasyPull™ Light-Duty Traverse Systems:

- Light-Duty Basic White Traverse System is a perfect application for sheers as well as medium weight fabrics
- · Light-Duty Basic White Traverse System without fascia is an ideal solution behind cornices and valances
- longer lengths are versatile for residential or commercial projects
- · adjustable one cord feature allows user to determine placement of pull cord
- · pre-corded for easy installation with glides and master carriers installed
- easy to install track snaps into brackets, fascia clips onto track

### How to Order:

### 1. choose a style

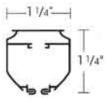

- single or double system
- without rings only

### 2. choose a fascia and finish

- 2" or 2 ½" fascia
- 30 Portfolio finishes
- fluted or smooth profile
   5 Quick Ship Wood and Resin finishes
  - PTH Perfect Match™

Finials are sold separately. 2" or 2 1/4" Portfolio and Quick Ship Wood and Resin finials are compatible.

### **Finishes**

Finishes with antiquing, dusting, or glazing will vary from product to product depending on the level of detail. Areas with deeper recesses will appear darker than smooth areas.

For the best possible finish match, refer to the 2014 Paris Texas Hardware Finish Chips. These chips have smooth, fluted, and carved detailed areas, enabling you to see the beautiful shadings and highlights that make our finishes so special.

Strike-offs: For an additional fee, Paris Texas Hardware can provide a sample of your Portfolio or PTH Perfect Match™ finish on any wood or metal pole as requested. Customer approval of the strike-off sample is required before production will begin.

Touch up paint can be sent to the customer on request, for an additional charge.

### Materials

Some finials, brackets, holdbacks, and rings are made of resin composite materials. Resin may be damaged by cutting, drilling, or attempting to alter the size or shape of products. Some items are made of cast aluminum or stamped steel. Wood poles and wood rings are made of various hardwoods. Metal poles and metal rings are made of steel.

### Poles & Rods

Poles may be spliced together using a dowel splicing screw, which is included with each pole. We recommend a center support bracket for pole lengths in excess of four feet. We cannot guarantee against sagging caused by unsupported spans greater than our recommended four feet.

### Finials & Holdbacks

All finials and holdbacks are sold as pairs. Most resin finial bases have a 1/8" recess for a clean pole fit. Resin finials are fitted with a dowel screw that may not be removed without damaging the finial

### **Brackets**

Brackets are sold individually. Depending on the style of the bracket, there are three wall mounting styles; key lock, round mounting plate, or front drill. Some heavier treatments may require stronger fasteners (mollies and screws) than those included with the brackets. Brackets should be installed securely into wall studs.

### Rings

Rings are sold individually. Eyelets are not detachable from resin rings. Excessive movement of rings on the top of the pole will naturally abrade the finish. We discourage using heavy treatments with the 1" resin rings. We recommend three to four rings per foot of finished pole length, or six to seven rings per width of fabric.

### **GENERAL INFO**

### **Production Time**

Purchase orders are processed once they are received by Paris Texas Hardware. Incomplete information will delay processing and shipping. Quick Ship collections are in stock and ship within 24 hours. Quick Ship orders received before noon CST ship the same day. Portfolio custom collection is hand finished and ships within 10-15 business days.

### **Corded and Motorized Traverse Systems**

Traverse systems are available for 2" and  $2\frac{1}{4}$ " Portfolio and  $2\frac{1}{4}$ " Quick Ship Wood and Resin. Production time for traverse system orders is 10-15 business days. Please refer to pages 61-68 for available pole sizes and finishes.

### **Pricing and Terms**

Pricing found in the Paris Texas Hardware Price List are our Suggested Retail Prices. Prices are subject to change without notice. Prices are quoted exclusive of Freight and Packaging. The Buyer should always inspect the product upon receipt.

IMPORTANT: Please note that your order will be placed with an authorized Paris Texas Hardware Distributor. While most of the following will generally apply, your distributor may have terms and conditions of the sale that will vary from what is stated here.

### Returns, Changes, and Cancellations

All Portfolio and PTH Perfect Match™ products are custom painted and may not be returned. Orders may not be changed or cancelled once production has begun.

Quick Ship items may be returned if poles are uncut and all products are received in sellable condition. A restocking fee of 40% will apply and the customer will prepay freight. All returns must be authorized by the Paris Texas Hardware customer service department, and are authorized at our discretion, given the circumstances and nature of each order. A Return Authorization Number (RA#) must be issued by customer service, and the RA# must be noted on all return packages. Return Credit is issued on returned goods that are inspected and deemed undamaged. Customers should exercise care to adequately package return goods. Return Credit will not be issued for unauthorized returns or damaged returns.

### Shipping

All hardware orders are shipped FOB Dallas, Texas. Poles over 100" MUST be shipped by common carrier. Please see the Paris Texas Hardware Retail Price List for applicable Freight and Packaging fees.

### **Damaged Goods and Freight Claims**

Immediately upon receipt, your order should be inspected to ensure that there is no concealed damage from shipping. To report a claim, contact your Paris Texas Hardware distributor. Damage and freight claims must be made within 15 days of receipt of goods. Claims reported after 15 days will not be accepted. To expedite the claim process, please provide your distributor with the following information: purchase order number, Paris Texas Hardware order number, shipping phone number and address, and a complete list of damaged items. Freight companies require all packaging materials and damaged items to be kept for inspection. Merchandise damaged in shipping will be replaced. Our policy is that we replace damaged product per the original order.

Please note on the Bill of Lading If there is any possibility of concealed damage.

### Installation

We recommend using a professional installer. Installation hardware is included. The fasteners (screws and mollies) may not be appropriate for every installation or wall material. Brackets and holdbacks should be installed securely into wall studs when possible. Paris Texas Hardware will not assume responsibility for damages incurred by improperly mounted or inadequately supported hardware.

— Special thanks to Duralee and RM Coco for providing many of the gorgeous fabrics featured in our catalog.
